Hi Santiago,

The permit is administratively continued due to NEPA delays and expired on Jan 19, 2023. All active operators continued their coverage. We now have our final NEPA CatX document. We are currently working on submitting the federal register notice in EAMs and I have a briefing with my Director on Friday. Final documents are being reviewed by legal (draft permit, factsheet etc.).

I will have a look on your calendar if you need more info. Thanks!

Good morning, Bridget,

Happy new year!

I would like an update on the R4 OCS General Permit.

Are you available for a quick meeting? Let me know.

My calendar is up to date.

Thank you,
Santiago Roque
